McVOY-YNESTRA WEDDING JUNE 11TH.

One of the first and most prominent of the June weddings will be that of Miss Lucile Marie Ynestra and Mr. Ernest McVoy, which will take place on June 11th, and will be a beautiful morning affair.

This announcement will be of interest to a wide circle of friends in Pensacola and out-of-town, for both Miss Ynestra, who is the daughter of

Mrs. Arthur P. Ynestra, and Mr. McVoy, son of Mr. LeBaron McVoy, have a wide acquaintance in the Gulf States and are extremely popular wherever they are known.

Both are related to Pensacola's oldest families, whose traditions are an integral part of the state's history, and the wedding in June will be an event of wide and friendly interest.

Miss Ynestra is a young woman of much personal charm, possessing in great measure the inherent graces and gifts of mind for which the Moreno and Ynestra women have always been noted.

Mr. McVoy is not only a young man of delightful social qualities and of fine business acumen, but has marked artistic gifts as well, and has been from boyhood a great favorite.

A CRUEL JOKE ON MOTHER.

One of the most popular young ladies played a cruel joke on her mother, and this is how it happened. She accidentally found a love letter that her father had written to her mother in their halcyon days of courtship. She read the letter to her mother, substituting her own name and that of her lover. The mother raved with anger and stamped her foot in disgust, forbidding her daughter to have anything to do with a man who could write such sentimental stuff to a girl. The girl then gave the letter to her mother to read and the home suddenly became so quiet that she could hear the snowflakes falling in the back yard.—Elk Point Leader.

Miss Julia Bookes, who was called to Pensacola on account of the death of her brother-in-law, Mr. Clarence Floyd, left Saturday for New Orleans, where she is a trained nurse. She was accompanied by her sister, Miss Edith Bookes.

GETTYSBURG CELEBRATION

REUNION OF THE UNITED CONFEDERATE VETERANS THERE WILL BE ONE OF THE LARGEST IN HISTORY.

At the Reunion of the South Carolina Division, U. C. V., recently held at Aiken, S. C., Gen. C. Irvine Walker placed before the convention the matter of the approaching Gettysburg celebration, urging a large and general attendance. He explained the whole subject most clearly and closed his remarks in the following burning and eloquent words:

"You, my comrades, well know that I have ever been a loyal Confederate, proud of my record as a Confederate soldier and convinced of the absolute legality and justness of our cause. I am still at that—but a most merciful Lord provides that time should soothe our passions. When I laid down my arms after four long years of bitter struggle, I just hated the whole Yankee

The Magic Art of Growing Hair—and Other Beauty Secrets

By Miss Valeska Suratt

Valeska Suratt is the Only Woman on the American Stage Who Wears No Puffs, "Rats" or Switches

Miss Suratt in Her \$3,000 Black Velvet Costume Trimmed With Rhinestones

ONCE I knew a lady.

"and a very nice lady was she" whose comb was always tangled with a mass of broken and dying hair after she had finished combing it. Of course, some hair will always come out on the comb or brush, but what I mean is that at every combing she drew out what I have ever used or heard of, and I have tried them nearly all.

How do I do it? How did I stop my hair from falling out after having tried everything recommended by my friends and most of the treatments advertised? It flashed across my mind one day when I noticed that the falling hair was great in quantity, that the cause was in the quality, that the cause was in the treatment I had been using for some time. I at once experimented further and found what I have been able to prove since, is the most remarkable hair and scalp treatment I have ever used or heard of, and I have tried them nearly all.

Here it is: With a half-pint of water mix half a pint of alcohol. To this add one ounce of beta-quinol. Shake thoroughly and will then be ready to use. If you prefer you can use imported bay rum instead of the water and alcohol.

The beta-quinol you can get at almost any drug store for not more than fifty cents. The ordinary prepared hair tonic which you buy in the stores usually cost you one dollar. But this formula will stop your hair from falling out. It will grow so luxuriantly that it will be one of your greatest prizes.

MRS. ELLEN T. asks: "What can I do to get rid of pimples? I have had them for years and no creams or lotions

seem to do any good, in spite of the fact, too, that I am very careful what I eat."

The food you eat has really less to do with the presence of pimples than most people think. Besides, you can surely get rid of them without having to diet at all. If you will dissolve twelve ounces of granulated sugar in one-half pint of water, and add one ounce of sarsaparilla, and mix the whole together thoroughly, adding more water to make a pint, you will have one of the most splendid and effective pimple removers it is possible to obtain. Sarsaparilla is a liquid which you can get at the drug store by the ounce. It makes a blood remedy which has an exceedingly wonderful purifying effect in a very short time. Take one or two teaspoonfuls of this mixture three or four times a day with a little water if desired.

You will find the difference in your face in short order. I have had many use this formula, and it has invariably done its work in brilliant fashion.

FLORENCE FRICKLAES—I am surprised you should consent to use such a rank poison on your face. I have used the main principle in most of the treatments sold for whitening the skin.

NAMELESS—You will find a remarkable difference in your scrawny neck and lack of bust development by using the following:

In a half-pint of hot water, dissolve two ounces of rucine and half a cup of sugar, all well mixed together. Of this, take two teaspoonfuls three or four times a day in a wine glass of water, after your meals. I have found this to be a peculiar tonic, giving astonishing results in a few weeks' time. It will cost you one dollar at the drug store. It will do all you can ever ask of any treatment for this purpose. You will assist the development a great deal by massaging the bust with the beta-quinol mentioned above.

BUNICE—If you will use the beta-quinol formula treatment given above

on your eyebrows, you will find a decided result in a short time. It is a very powerful promoter of hair growth. The best I have ever known. It will do the work.

BARBARA T. N.—For blackheads, first wash the face with hot water and soap. Next sprinkle some norexin generously upon a sponge made wet with hot water. Then rub well for a few minutes on the parts of the skin which are affected with blackheads. You should be able to secure the norexin at any drugstore for fifty cents. You will find this formula very remarkable in results if used faithfully until all blackheads are gone.

MRS. O. N. B.—Superfluous hair on the face, hair in the arm-pits and the small "fuzz" that spoils the cleanly, unblemished appearance of the face of so many women, can be removed with the greatest ease, without leaving the least mark or reddish spot.

Get at any good drug store one ounce of simple auro solution. It will cost you one dollar, but it will last you quite a while. Apply this solution freely with the finger tips on the hair you want removed. Keep the hair moist with it until it is actually dissolved. This will take but two or three minutes. Then wipe off with a warm, damp cloth and wash the skin with warm water. (adv.)

CORA H.—Many women complain of red, rough hands. If you will read my instructions above one ounce of zintone, will surely see the result in a short time. This formula will whiten and smooth the arms and hands most beautifully.

MISS ENGAGED—I have had a great many requests for the best hair remover. Next Sunday I will give you full details and the formula. I use it constantly. The results will surprise you.

FONDA—"What shall I do for wrinkles?"

It makes the skin rough, eats into the outer skin and usually ruins all prospects of ever beautifying the complexion. Sometimes, however, readers my secret for whitening the skin, which I believe you will say is really a marvel. It will at the same time make your face bloom like a rose, and as soft as velvet. I will repeat it here in a few words:

Boil half a pint of water. Add two tablespoonfuls of glycerine. Keep stirring, while adding one ounce of zintone, until it is all dissolved. Then let cool. If the cream is too thick to pour easily from a bottle, thin it down a little with more hot water. The cream will be white and satiny. After bathing in the morning, hold a wet towel to the face several times for several minutes. Rub this cream on the entire face, liberally. Let the cream on the face overnight. Repeat this again at night. Any good drugstore will sell you an ounce of zintone for about fifty cents.
